

Habitat for Humanity

The chairperson of this committee collects and holds table runners, pillows, quilts and etc. in her home for distribution to Habitat for Humanity homes.

You will receive a call from Habitat telling you there will be an upcoming dedication of a new Habitat home. You then take to their office a table runner, or two if you have an abundance, in a gift bag with an enclosed note saying it has been made with love by a member of the Friendship Knot Quilt Guild. Occasionally after the quilt show there will be leftover small quilts from the auction that members donate to the Habitat fund. These can also be added to the gift bag, if desired.

Habitat always issues an invitation to attend the dedication. It is entirely up to you if you wish to attend. It is an inspirational time at each dedication. Each new homeowner and family has had to put in his/her sweat equity time in building these houses and many times they are single parents.
