

Public Relations Coordinator

The coordinator writes for a column in the newsletter entitled “Kudos”. It is a very fun and easy job.

Kudos, aka Public Relations, is a very brief write-up about a quilt being displayed or otherwise honored. Stated is the name of the quilter, the name of the quilt and the place (venue, magazine or publication) where it can be seen and/or the honor it received. Members should keep the coordinator informed of any such information.

It must be brief and to the point as there is usually limited space in the newsletter. However, creative writing or additional comments will be given space if it is available.
