

SUPPLY LIST for COLOR THEORY AND COLOR WHEEL DYING

VERY IMPORTANT..... Arrive by 8AM to cover floor and tables.

Kit Fee includes..... 3- two ounce jars of dye, 8 yards of PFD fabric, 6 plastic squeeze bottles. You will probably want more than the 8 yards that will be supplied. I will have additional fabric for you to purchase in class for a reasonable price. If you purchase fabric before class please be certain you buy a lightweight PFD fabric.

Chemicals needed for dying will be supplied by teacher.

What you need to bring: Some items come in large packages or multiples so try to share with someone to save money.

2 heavy duty plastic tarps, at least two ml

Some Large plastic garbage bags.

Rubber Gloves that fit well and are good quality. Like Playtex or Publix brand.

Surgical Mask

Apron, old clothes, comfortable shoes

Plastic sheet covers to protect handouts, notebook, paper and pencil, Sharpie, masking tape, scissors and tape measure

2 - half gallon milk containers with lids

2 buckets (at least 3 gallon size) Kitty litter and bakery buckets work well because they are cheap or free and have lids.

Box of Gallon size Ziplock freezer bags

An assortment of plastic leftover dishes to include:

24 -twenty five ounce containers

3 - thirteen cup containers

2 - five cup containers

About 2 dozen 16oz clear or translucent plastic disposable drinking cups. Share a package with another person.

2 c glass or plastic measuring cup, funnel, set of measuring spoons (very helpful if there is a half tablespoon included in the set.) Dollar store is a good place to find these. Don't plan to use anything for cooking after you have used it for dying.

A few plastic spoons and a plastic knife.

2 Old hand towels to catch and mop up spills

Roll of Paper towels
