9am to 4pm

Taking the mystery out of making borders fit.

Very Confident Beginner and Beyond - 2 days

In addition to color and design, this class will primarily focus on accurately figuring out how to fit, sew and add multiple border styles onto a simple patchwork block that is placed on point. This quilt is not meant to be your next masterpiece but rather serve as an opportunity to gain knowledge and hands-on experience that will benefit future work. Corner triangle borders, a pieced border, three narrow borders (1/8", 1/4" and 3/8") and a final mitered symmetrical border print border (a plain fabric border of your choice is also acceptable) will be covered. Color and design will also be discussed.

Class Preparation: Students will come to class with a completed 12-1/2" unfinished patchwork block (pattern and instructions included with the supply list) so we can begin with borders at the outset. Block construction is not part of the class. A handout is included. Join me as I show you how to take the mystery out of making borders fit.
